**We can help!**

**New Start**

Helping Underserved Populations with  
Substance Use Treatment and Linkage to Care

## What is New Start?

New Start is a health program that provides aid and support to men and women in substance use recovery. We provide access to FREE services designed to sustain your unique recovery journey, your well being, and access to resources.

## How can New Start Help?

Clients receive 90 days of treatment counseling.

HIV / Hepatitis Testing , education and referral to treatment services.

Clients are assigned a case manager who will help link them to services they need.

Recovery Support Services help to sustain substance use recovery.

## Additional Benefits

- HIV Home Self-Test Kits
- Bus Passes
- Gift Cards

## Who can join New Start?

- Men and Women 18 years and older
- Residents of Bexar County
- History of substance use in the last 12 months
