

WHO WE ARE

South Texas Overdose Prevention (STOP) is a public health program that will expand and enhance overdose prevention and other harm reduction services and activities for minority individuals with or at risk of developing substance use disorders (SUD). All services offered are FREE.

HOW WE CAN HELP

- Navigation and linkage to resources
- Peer recovery support
- Harm reduction supplies

HOW YOU CAN HELP

If you know or think someone is struggling with substance use, ask them if you can help. Your concern might be just what they need to start their recovery journey, and your support could make all the difference in their success.
